Admission Policy of St. Ita's Special School

School Address: Crushrod Ave, Drogheda, Co. Louth

Roll number:18936K

School Patron: Archbishop of Armagh

1. Introduction

This Admission Policy complies with the requirements of the Education Act 1998, the Education (Admission to Schools) Act 2018 and the Equal Status Act 2000. In drafting this policy, the board of management of the school has consulted with school staff, the school patron and with parents of children attending the school.

The policy was approved by the school patron on 19/09/25. It is published on the school's website and will be made available in hardcopy, on request, to any person who requests it.

The relevant dates and timelines for St. Ita's Special School admission process are set out in the school's annual admission notice which is published annually on the school's website at least one week before the commencement of the admission process for the school year concerned.

This policy must be read in conjunction with the annual admission notice for the school year concerned.

The application form for admission is published on the school's website and will be made available in hardcopy on request to any person who requests it.

2. Characteristic spirit and general objectives of the school

St. Ita's is a special school providing for the academic, personal and social needs of pupils from five to eighteen years, who can best benefit educationally from attending St. Ita's School. Our aim is to give our students a caring and inspiring academic environment to enable them to achieve their full potential in life.

St. Ita's is a Catholic co-educational Special school with a Catholic ethos.

In accordance with S.15 (2) (b) of the Education Act, 1998 the Board of Management of St. Ita's Special School shall uphold, and be accountable to the patron for so upholding, the characteristic spirit of the school as determined by the cultural, educational, moral, religious, social, linguistic and spiritual values and traditions which inform and are characteristic of the objectives and conduct of the school.

The school is designated by the Department of Education and Skills (DES) as a primary school and follows the Primary School Curriculum (1999) which is modified and differentiated to meet the individual needs of each child.

The primary classes follow the Primary School Curriculum and our wide range of educational programming is sequential, based on the chronological age of students, and is designed to enhance and maximize every child's potential. We use the Aistear programme throughout all classes of the primary school using a themed approach.

Students of post-primary age participate in the Junior Cycle Level 2 Learning Programmes (L2LP) and Level 1 (L1LP) programmes. Senior cycle students access Quality and Qualifications Ireland (QQI) levels 1, 2 and 3 programmes of certification.

Because of the range of special needs our school caters for, class sizes may vary from class to class depending on the number of pupils within a class presenting with additional needs. In this regard, some classes may be deemed by the Board of Management and Principal to be full to capacity, and in this case the Board of Management may direct that no additional pupils may enrol in these classes during the year. School capacity varies according to the needs of the children we are catering for at a particular time and the physical environment of the rooms.

St. Ita's Special School is dependent on the grants and staffing resources provided by the Department of Education and Science (DES). At all times the school policy must have regard to the resources and funding available. The school operates within the regulations and circulars laid down from time to time by the DES and National Council for Special Education (NCSE). The school is also subject to the Education Act (1998), the Education Welfare Act (2000), the Education for Persons with Special Education Needs Act (EPSEN, 2004), equality law and all other relevant legislation.

Within the context and parameters of the DES regulations and programmes, the rights of the Patron as set out in the Education Act 1998 and the funding and resources available, St. Ita's Special School supports the principles of:

1. Inclusiveness, particularly with reference to the enrolment of children irrespective of faith or race.

2. Equality of access and participation in the school.
3. Respect for the diversity of values, beliefs, traditions, languages and ways of life in society.

This document sets out how decisions are made regarding admissions. The main criterion for admitting a child who applies for a place is that we have a vacancy in the school which is appropriate given the age, physical environment and the educational needs of the applicant.

While recognising the right of parents/guardians to enrol their child in the school of their choice, the Board of Management is also responsible for respecting the rights of the existing school community and in particular, the children already enrolled. This requires balanced judgements, which are guided by the principles of natural justice and acting in the best interest of all children.

3. Admission Statement

St. Ita's Special School will not discriminate in its admission of a student to the school on any of the following:

- (a) the gender ground of the student or the applicant in respect of the student concerned,

While it is envisaged that, once admitted, most students will remain in St.Ita's School until they complete their education at 18 years of age, a child's ongoing participation at St.Ita's Special School is contingent upon the child's continued adherence to the Code of Behaviour. Additionally, some children's needs may change over time and exceed what the school can cater for.

If at any point during the child's time in the school is deemed to not meet their needs a consultation will take place with the parents/guardians, school team and professional teams to best support the child and family.
